About Us

MONICA PRODUCT is established in 1996. Since 1996 we are amongst the manufacturers of a quality range of Plastic Product. we start as a small scale industry for manufacturing PVC Tapes. Now we have all the latest machinery , our well established infrastructure has the strength and facility to fabricate large number of products at a rapid production rate.

we primarily focus on quality thus; the entire production process at our organization is carried out under the strict supervision of qualified professionals. At our well-developed quality testing unit, we have all the requisite machines and tools that help the team of quality controllers to conduct various tests. After the complete production process, every single product is tested so as to ensure that only flawless product range is delivered at the clients' end.
